Precertification: Some services and items require precertification. This is the process used by the Plan to determine if it meets medical necessity and coverage requirements prior to the service being provided. The provider, or the member when using an out-of-network provider, is responsible for obtaining prior authorization for the services and items described on the precertification list. Please refer to the precertification list attached to your Certificate of Coverage for additional detail or you can obtain the list at peakhealth.org.

This Statement of Benefits is a summary of your financial responsibility when you receive health care services from a physician, pharmacy, facility, or other provider. All Covered Services are subject to the conditions, exclusions, limitations, terms, and rules of the Certificate of Coverage including any rider/enhancements or amendments. Except as otherwise provided in the Evidence of Coverage, Covered Services must be provided to you by a network provider and medically necessary. The Plan does not cover all healthcare service expenses. In the event of any discrepancy between this Statement of Benefits and your Certificate of Coverage, the Certificate of Coverage shall control. For more detailed information about your Covered Services, please refer to the Certificate of Coverage at peakhealth.org.

For Covered Services listed in the Certificate of Coverage that are not specifically listed on this Statement of Benefits, the cost sharing is equal to the coinsurance after the deductible.

The copays and coinsurance listed in the ‘You Pay’ column would only apply if the item or service is not furnished directly by a provider meeting the criteria outlined below, otherwise there would be no cost to you.

- 1) an Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization (each as defined in 25 U.S.C. 1603);
- 2) a provider who was referred by one of the organizations listed in item 1.
